## DSM 620 HC

Bench-type rotary heat sealer for continuous sealing of coated header cards onto polyethylene bags.

Seal speed 6,2 m/min, with 12 mm wide and plain sealing seam, feed-in from right-hand-side.

### TECHNICAL DATA

Throughfeed speed	6,2 m/min.
Seam width (mm)	12
Sealable material thickness (mm)	1
Temperature range	100°C - 250°C
Connection	230V/ 50Hz
Consumption	400 Kwh
Dimension (mm)	610x310x190h
Weight	17 Kg
Materials	Cartboard rider labels onto plastic bag

Technical alteration without prior notice
