STC 4255

The most efficient and unexpensive shrink-wrappers around the world. Conceived and designed in order to be the best answer to the increasing demand of a simple and efficient shrink-wrapper with contained costs but great reliability. Ideal for fulfilling the various wrapping and packaging requirements of offices, banks, laboratories, archives, shops, newsagents, stationeries, bookshops, video- and musicshops, storehouses, wholesalers, pasta producers, bakers, a.s.o. They can be used also to make plastic envelopes..
